### SKANEATELES NEWS NOTES.

Miss Louise Ennis has returned to Rochester after spending the holidays in town with her mother, Mrs. Matthew Ennis.

Supervisor Goodspeed, as member of the county highway committee, will be in Albany Wednesday, where there will be a consultation with county and State officials on good roads matters.

The church from Thorn Hill worshipped with the local church on Sunday evening, administering the ordinance of baptism to a number of believers. The officers of the Young People's Society for the ensuing year were installed at this service.

The High School basketball team defeated Waterloo High School by a 21 to 19 score at Legg Hall Friday evening. Those who saw the game, and the local team, conceded the Waterloo quintet to have been the best five that has played here this season.

Considerable interest continues to be manifested regarding the tax levied on property owners in Lighting District No. 1 of the town of Skaneateles, extending along the outlet from this village to the town line of Elbridge. It is alleged that only about 51 out of 202 taxpayers in the district signed the petition upon which the territory was set aside as a lighting district, subject to an annual tax of \$2,000 for a period of five years.

Hon. Charles R. Milford has been retained as counsel for the contestants and it is likely the matter will soon be brought into court for a decision as to the right of the town to levy the tax. There is talk of an injunction being served upon Town Tax Collector Horsington, restraining him from turning over the special tax to Supervisor Goodspeed and also an injunction restraining the Supervisor from paying over the \$2,000 already collected to the Niagara, Ontario and Lockport Power Company. Many of the tax-

payors in the lighting district paid the special tax under protest.

(From Tuesday's Free Press.)

Howard B. Smith and his mechanic, while driving an experimental sled-front automobile on the ice about a half mile up the lake, just after 1 o'clock today, broke through and were in the icy water about twenty minutes before being taken out. They were removed to the Fitch home on West Lake street.

Both men died, and a accident. Smith was nephew of Albert Bishop, the family former residents here.

### Food Values of Rice and Potatoes.

The report of the United States Department of Agriculture on comparative food value gives these percentages for potato and rice: Water, 78.3 and 12.4; protein, 2.3 and 7.4; fat, 1 and 1.4; starch, 18.4 and 79.4; mineral matter, 1.9 and 0.9. The food value of a pound of potatoes being 335 units, that of a pound of rice is 1,630. A table of comparative food values shows: Rice, 86.09 per cent; wheat, 82.54; rye, 82.79; oats, 74.02; maize, 82.97; potatoes, 23.24; fat beef, 46.93; lean beef, 26.83.

One pound of potatoes furnishes nourishment for one person. One pound of rice furnishes nourishment for six persons. Both command the same retail price today. The cheapest rice is of equal nourishing power with the most expensive, the chemical analyses being identical. The only difference is in grade, and this is based on the color and size of the grain.

Of all the foods produced, rice is more generally used than any other on earth. Ignorance as to its value and how to prepare it palatably has operated against its appreciation by the American public. There are almost innumerable recipes for its cooking, and in ways to please every taste.

### OBITUARY

Mrs. Addie Adelle Clements Kenyon died Friday, Jan. 5, in Skaneateles, where she was paying a visit with her son. She was daughter and second child of Thomas R. Clements and Mary Ann Barnett, born near Tyler Hollow in Marcellus township April 3, 1850, and her home was always in Marcellus before her marriage. She attended school in Marcellus, graduating there, also the Monroe Collegiate Institute at Elbridge.

She was member of the Methodist church, both in Marcellus and Cazenovia, and actively interested. She married Olin Kenyon Nov. 5, 1880, in Marcellus. They resided south of the W. D. Amidon corner, then to the present John L. Marefield place. He thrived with O. Y. Hunt many years, later they moved to Cazenovia, where he became a member of the firm in the ash and blind factory, in which his family was active. He went to a timber lot with some visiting associate in the business, and was killed by an accident on the cars in May, 1905.

Survivors are two children, R. Lee Kenyon, of Skaneateles, and Mrs. George W. Kenyon, of Cazenovia; her father, Thomas R. Clements, of Cazenovia; three brothers, Charles A. of Syracuse, George W. and Frank T. of Damascus, Va.; two sisters, Mrs. F. Thurston of Damascus, Va., Mrs. John W. Sherman of Cazenovia and Mrs. Fred W. Card of Troy, Pa.

Funeral was held at the home of her sister and father in Cazenovia, Tuesday, Jan. 5, at 10 a. m., with interment there. The brother, Frank, and wife of Virginia came to the funeral, and Marcellus people attending included Mr. and Mrs. George W. Richards, Mrs. R. D. P. Dorchester, Mrs. William Pople and Frank Holmes. A visit she paid with Marcellus friends a week last summer is remembered now with especial satisfaction. She was guest of Mr. and Mrs. George W. Richards.

Here was among the most prominent families of the period in which they were active, the home, now that of Caleb Sevier, a center for young people and their lives are a history of Tyler Hollow neighborhood. While her daughter Ethel was teaching she made home with her wherever she taught, and since her marriage has lived with her in Cazenovia. The daughter's husband has business in New York city and lives in this suburb. The son Roy is employed in Skaneateles and Mrs. Kenyon was paying him a short visit when an attack of heart trouble caused her to succumb quite unexpectedly.

Mrs. Parsons' other offering is April 5, Ray Newton, magician and sleight of hand performer, who gives the entertainment. He ranks with Dietrich, who was in last year's course and who gave much delight to a large audience. Newton is a wonder, sure to please, and his coming should be anticipated. April 6 is the date.

### THE MARCELLUS FREE LIBRARY

Belle Hamilton visited school January 11.

The Senior play, Valley Farm, is to be staged Thursday, Feb. 1.

Miss Case was ill the latter part of last week, Miss Cooper substituting for her.

There is a path nearly worn through the floor between the desk in the study hall and a certain front seat. Guess which one.

A physiology pupil informed the teacher that the reason one should not swallow food without chewing is that the stomach doesn't know what's coming. The teacher suggested sending a telegram ahead.

There seems to be a diversity of opinion among certain teachers, as to which is correct, 5 and 6 are 12, or 5 and 6 is 12. Mr. Ruland believes it is the former, while Miss Weeks said it is neither, but 11. (An old joke. Did it fool you as you read it?)

### LITTLE VISIT WITH THE EDITOR

We wish Art Hackett would move his banking institution off Main street if he finds any loose change in the process it is his bonus for promptly doing the work.

Roy P. Smith was working down North street and stopped in to telephone his store. Between waiting for Central to answer his call, the line reported busy (Ward taking orders), and another ring to Central and another wait, he might better have gone over and done the job himself.

It is an old saying that "short reckonings make long friends," and every business man realizes its truth. It is also well for debtor and creditor to remember that "small bills, however trifling when considered singly, in the aggregate form a fund so large that the withholding has often ruined an otherwise prosperous business."

January is now universally conceded as the bill clearance month of the year. These are days of short credits. The cash basis is the most desirable way to transact retail business. Monthly payments are not so very dilatory. Quarterly payments are less desirable. And yearly settlements are imperative, even for the slowest going patron, and a year is a long time to wait for the settlement of an account. Newspaper subscriptions and pew rents are in this class.

Mrs. Taft, wife of the ex-President, was last week Friday entertained at luncheon at the White House, being her first visit there since she left it as its retiring mistress.

### PRESIDENT WILLIAM A. HILTON.

Skaneateles Man Heads New A. & S. Trolley Organization.

Officers were elected and a permanent organization, to be known as the Skaneateles and Auburn Improvement Association, was organized. The officers are: President, W. A. Hilton, Skaneateles; vice president, Z. E. Hayden, Syracuse; secretary, B. D. Pratt, Auburn. Meetings will be held the second Thursday in each month. The February meeting will be called at Skaneateles. Each of the places represented in the association will in turn entertain the members. It is expected that the summer meetings will be held at Leaside park.

The purpose of the association is stated to be improving the service in the passenger and freight departments of the trolley road. The agents and officials assembled at 6:30 in the palm room of the Osborne House. Dinner was served and business passed. Then the business session opened and continued until 10 in the evening.

Mr. Lee, who was active in forming the association, outlined the general purpose which the officials had in mind and called on the various men present to express their views. The attitude of the men appeared enthusiastic and an organization was quickly formed.

Several suggestions for improving the service to patrons of the company, so far as the passenger and freight offices are concerned, were made. Some of these will probably be put into operation, while others will receive further consideration at coming meetings of the association. Next week Tuesday evening, January 23d, the Methodist Auxiliary of the Brotherhood Class of this church will have their monthly meeting. The speaker for the evening is Rev. S. J. Houghton of Groton. The subject, "The Value of a Tabernacle Evangelistic Campaign in a Town of Two Thousand Inhabitants." Refreshments will be served during the evening. Come and have a good time.

The Brotherhood and Crusaders Sunday school classes have arranged to have the Rev. Charles E. Hamilton, D. D., president of Cazenovia Seminary, deliver his lecture on Livingstone in this church on Friday evening, January 26th. This lecture is spoken of in the highest praise by all who have heard it, and it is hoped that Skaneateles people will avail themselves of the opportunity of enjoying this rich literary treat. Further announcement will be made regarding this attraction.

### Such Language.

I asked an Italian who speaks correct English which language his children learned to write more readily, Italian or English.

To show what this poor man had in mind I shall quote some suggestions given to me by one of the most famous scholars, philosophers and professional men in America. They show what a curiously language English is:

If daughter equals dawter and slaughter equals slawter, why does not laughter equal lawter?

Put it vice versa, and, if laughter is lafter, why is not daughter datter and slaughter slatter?

Enough is enuff, but cough is not cuff. However, if cough is cawf shouldn't enough be enawf?

Plough is pronounced plow, and bough is bow, but cough is not cow. Moreover, a little Italian, knowing that cough is pronounced cuff, is liable to spell the cup of morning beverage cough-pee. —Philadelphia Ledger.
